[Docket No. CPSC-2011-0081]

Amendment to Clarify When Component Part Testing Can Be Used and Which Textile Products Have Been Determined Not to Exceed the Allowable Lead Content Limits; Delay of Effective Date and Reopening of Comment Period

AGENCY: U.S. Consumer Product Safety Commission.

ACTION: Direct final rule; delay of effective date and reopening of comment period.

SUMMARY: The Consumer Product Safety Commission (“Commission” or “CPSC”) published a direct final rule (“DFR”) and notice of proposed rulemaking (“NPR”) in the same issue of the *Federal Register* on October 14, 2015, clarifying when component part testing can be used and clarifying which textile products have been determined not to exceed the allowable lead content limits. Because the comment period deadline for the DFR was stated incorrectly on regulations.gov, the Commission is reopening the comment period to accept comments submitted by January 13, 2016, and is delaying the effective date of the DFR to February 12, 2016.

DATES: The effective date of the direct final rule published on October 14, 2015, at 80 FR 61729, which was delayed from December 14, 2015, until January 13, 2016 by a document published on November 19, 2015 at 80 FR 72342, November 19, 2015, is further delayed from January 13, 2016, until February 12, 2016. The rule will be effective unless we receive a significant adverse comment. If we receive a significant adverse comment, we will publish notification in the Federal Register withdrawing this

direct final rule before its effective date. The comment date is extended to January 13, 2016.

(DFR, 80 FR 61729 and NPR, 80 FR 61773). In response to a request for additional time to comment, the Commission published a document extending the comment period until December 14, 2015, and providing that unless the Commission receives a significant adverse comment by December 14, 2015, the rule would become effective on January 13, 2016. 80 FR 72342. The comment period for the DFR was stated incorrectly on regulations.gov as January 13, 2016. Therefore, the Commission is publishing this document to reopen the comment period to allow for submission of comments until January 13, 2016, and delaying the effective date, accordingly, to February 12, 2016.

Dated: December 29, 2015.
